We believe in designing things useful for people. We believe that everybody deserves to benefit from our simple and functional designs without any compromise on product quality.

We are committed to create a friendly environment striving to deliver quality products and services to all through

- Learning and innovating
- Effective use of resources in R&D
- Manufacturing, people and processes
- Communications
- Fair business practices

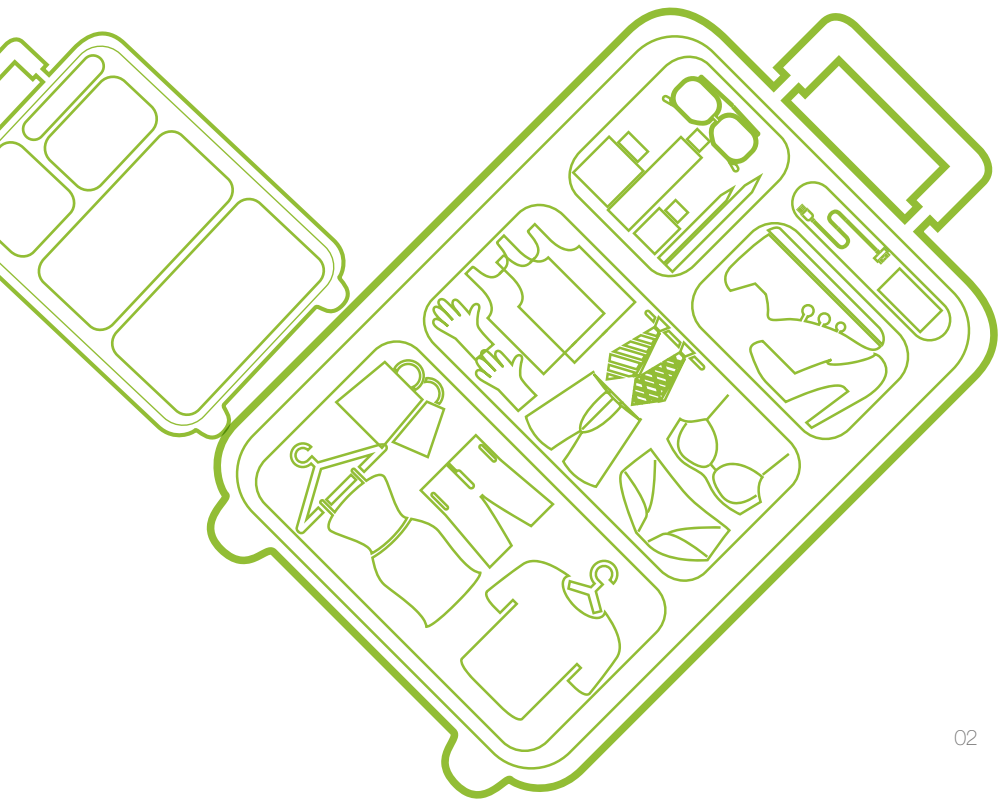

AGVA is established in Singapore since 1983 and quickly gained strength with our original designs, manufacturing capabilities and strong product development team.

At the heart of AGVA's manufacturing capability is our 420,000 square feet factory in Dongguan, China, with a 800 strong workforce.

We specialise in soft line cut-and-sew bags and cases. With our in-house design and product development team coupled with own manufacturing capability, we are able to provide a fully integrated product solution for our customers.
